

## **AMENDMENT TO THE DRAWINGS UNDER 37 CFR § 1.312**

The following is in response to the Notice to File Corrected Application papers mailed on September 15, 2009 (“The Notice”). The Notice requested Applicant to correct the informalities of Fig. 2C, 9B, 10 & 13, which were characterized as supposedly having cutoff data, with replacement drawings.

In addition to the requested replacement sheets above, under 37 CFR §1.312, Applicant respectfully requests that the following amendments be entered.

### **Amendment to the Drawings and Remarks**

Applicant respectfully requests the drawings be amended by replacing all drawing sheets with the attached replacement sheets.

Although the replacement sheets do not add any new matter, Applicant provides the following remarks.

### **FIGS. 1, 1B, 2B, 3, 4, 4B, 5, 7, 7B, 8, 8B, 9, 11, 12, 14, 15, 16, 17, 19, 20, and 21**

The replacement sheets replace handwritten markings with typeset. NO NEW MATTER HAS BEEN ADDED.

### **FIG. 2C**

The replacement sheet for Figure 2C now only contains what is described by the specification to be contained in Figure 2C. For clarity, additional information outside the circular portion of the wheel has been removed. The title and reference numerals are now typewritten. In addition, the text of the “Due Date” marker and the text of the “Last Menstrual Cycle” marker are now typewritten instead of handwritten. Finally, parts 204 and 203 have been magnified and provided outside of the original drawing for clarity. NO NEW MATTER HAS BEEN ADDED.

**FIG. 3B**

The replacement sheet for Figure 3B now only contains what is described by the specification to be contained in Figure 3B. For clarity, additional information has been removed. The title and reference numerals are now typewritten. In addition, the text of the “Due Date” marker and the text of the “Last Menstrual Cycle” marker are now typewritten instead of handwritten. NO NEW MATTER HAS BEEN ADDED.

**FIG. 9B**

The replacement sheet for Figure 9B now only contains the parts of the gestational wheel that are described by the specification to be contained in Figure 9B. For clarity, additional information has been removed. In addition, the title and reference numerals are now typewritten. NO NEW MATTER HAS BEEN ADDED.

**FIG. 10**

The replacement sheet for Figure 10 now only contains the parts of the gestational wheel that are described by the specification to be contained in Figure 10. For clarity, additional information has been removed. In addition, the title and reference numerals are now typewritten. NO NEW MATTER HAS BEEN ADDED.

**FIG. 12B**

The replacement sheet for Figure 11B now only contains the parts of the gestational wheel that are described by the specification to be contained in Figure 11B. For clarity, additional information has been removed. This allows the figure to be enlarged slightly to improve its readability. In addition, the title and reference numerals are now typewritten. NO NEW MATTER HAS BEEN ADDED.

**FIG. 13**

The replacement sheet for Figure 13 now only contains the parts of the gestational wheel that are described by the specification to be contained in Figure 13. For clarity, additional information has been removed. This allows the figure to be enlarged slightly to improve its readability. In addition, the title and reference numerals are now typewritten. NO NEW MATTER HAS BEEN ADDED.

**FIG. 17**

The title and reference numerals on the replacement sheet for Figure 17 are now typewritten instead of handwritten. In addition the figure has been enlarged and the outside edge of the circle darkened to improve readability. NO NEW MATTER HAS BEEN ADDED.

**FIG. 18**

The replacement sheet for Figure 18 now only contains the parts of the gestational wheel that are described by the specification to be contained in Figure 18. For clarity, additional information has been removed. This allows the figure to be enlarged slightly to improve its readability. In addition, the title and reference numerals are now typewritten. NO NEW MATTER HAS BEEN ADDED.
